

Arya Javas Fatih

(aryajavasfatih888@gmail.com) | (0815-1346-9043) | Jakarta, Indonesian

Arya is a web programmer and the founder of a startup called Digital Interactive. With two years of experience, Arya also works as a teaching assistant, guiding students in website programming and database fundamentals at a vocational school specializing in software engineering. Arya possesses the ability to comprehend algorithms, think creatively, and develop interactive web applications. This expertise was demonstrated when Arya and the startup team were invited to participate in a community environmental application competition organized by the Regional Development Planning Agency in 2020. Additionally, Arya and the team collaborated with the Pulo Kambing Foundation to create a donation application and an online store integrated with a payment gateway.

EXPERIENCES

Fullstack Developer, Ministry of Communication and Informatics

March 2024 – Present

- Attended meetings with the Ministry of Communication and Informatics team.

- Handling the Help Desk task of installing applications on office laptops.

EDUCATIONS

Gunadarma University – Informatics Engineering

August 2019 – August 2023

- Cumulative Grade Point Average (CGPA): 3.58
- Programmer at the Psychology Laboratory, Gunadarma University

SMK Negeri 2 Jakarta – Software Engineering

July 2016 – August 2019

- Final School Exam Score: 87
- Vice President of the Information Technology Extracurricular (Inatec)

LICENSES & CERTIFICATIONS

- | | |
|---|----------------|
| • Gunadarma University Certificate | August 2023 |
| • LSP BNSP Web Programmer Competency Certificate | May 2023 |
| • Web Programmer Training Center (LPK) Certificate | May 2023 |
| • Certificate from Gunadarma University Psychology Laboratory | February 2023 |
| • Certificate from Gunadarma University Psychology Laboratory | September 2022 |
| • Dicoding Certificate: Learn to Build Web Applications with React | September 2022 |
| • Dicoding Certificate: Become a Front-End Web Developer Expert | September 2022 |
| • Dicoding Certificate: Learn the Basics of Git with GitHub | August 2022 |
| • Technical Competency Certificate in Web Programming – BNSP | August 2022 |
| • Dicoding Certificate: Introduction to Programming Logic | August 2022 |
| • Dicoding Certificate: Basics of Programming to Become a Software Developer | August 2022 |
| • Dicoding Certificate: Navigating a Career as a Software Developer | May 2022 |
| • Dicoding Certificate: Cloud Practitioner Essentials (Learning AWS Cloud Basics) | March 2022 |
| • Dicoding Certificate: Learn to Create Back-End Applications for Beginners | March 2022 |
| • Dicoding Certificate: Learn the Basics of JavaScript Programming | March 2022 |
| • Dicoding Certificate: Learn to Create Front-End Web for Beginners | February 2022 |
| • Dicoding Certificate: Learn Fundamental Front-End Web Development | February 2022 |
| • Dicoding Certificate: Learn the Basics of Web Programming | February 2022 |
| • Developer Circle Certificate | July 2019 |
| • LSP Software Development Competency Certificate | May 2019 |
| • Aware 2 Certificate | September 2018 |
| • Web Apps Development with Codeigniter Certificate – LSTP | October 2017 |
| • Web Development For Beginner Certificate – LSTP | October 2017 |
| • Indonesia Next Apps 4.0 Certificate – Dicoding | August 2017 |
| • Indosat Ooredoo Certificate | January 2017 |

SKILLS

Soft Skills:

- | | | |
|-----------------------------|------------------------|------------------------|
| • Effective time management | • Team collaboration | • Creative thinking |
| | • Communication skills | • Analytical abilities |

Hard Skills:

- Office (Word, Excel, PowerPoint)
